FASCIST WARPLANES AGAIN DROP BOMBS ON SPANISH CAPITAL

Two Air Raids Cause Little Damage—Opposing Forces Locked in Battles for Possession of Madrid's Suburbs—Loyalists Seek to Cast Off Insurgents From Road to France

MADRID, Dec. 3 (P).—Fascist warplanes bombed Madrid twice today while opposing infantry forces were locked in battles for possession of the city's western suburbs. The roar of the exploding bombs mingled with the boom of artillery fire concentrated on the rear guards of the forces battling in the Casa de Campo and in the Moncloa and Pozuelo-Aravaca sectors.

In contrast to three Fascist air raids which killed at least fifty-six inhabitants of Madrid the day before, today's bombings did not cause appreciable damage.

SEEK TO SEVER LINE
Outside Madrid, massed Government forces, drove to cut the communications line between the advance units of Gen. Francisco Franco's men and their rear guard.

The Government militia centred their attack on the slopes of the Casa de Campo.

Madrid forces were hard pressed in the Pozuelo-Aravaca area, with reliable reports indicating Franco was trying to cut the main high-road into France.

CLAIM VICTORIES
While salvage workers dug at the debris caused by the latest aerial bombings, Government leaders asserted its forces in the North were advancing "vigorously on Oviedo, Victoria, and Burgos, the seat of the Fascist Junta."

In Valencia, Spanish Government leaders said today foreign reports Continued on Page 15, Column 5

Premier Pattullo Suggests Voluntary Enlistment in Canadian Militia

MONTREAL, Dec. 3 (P).—Voluntary enlistment in the Canadian Militia to provide employment and to prepare Canada "to do our share in our defence in any cause we believe just," was suggested in an interview today by Premier L. T. D. Pattullo, of British Columbia.

"I believe the discipline and training some of our young men would receive would be a great benefit to them and a useful and necessary service to the country," said the Western Premier.

SHOULD DO SHARE
He expressed belief Canada "may self-sufficiency" in land, air, sea and in the air. Canada can never be a military country, it would be absurd to suggest anything of the kind, but we should be prepared to do our share in our defence in any cause we believe just."

Mr. Pattullo was here on a visit, prior to attending the meeting of the Ottawa conference on December 9. He will leave later for Toronto.

READY TO CO-OPERATE
Discussing the forthcoming conference in Ottawa, Mr. Pattullo said his Government was "prepared to co-operate wherever it is advantageous, though not necessarily advantageous to us because successful administration consists of a series of compromises."

Faked Holdup to Avoid Creditors
On his own admission he had "faked" a holdup, A. C. Leck, farmer, of Purple Springs, today was fined \$50 and costs. On Tuesday, Leck reported to police he had been held up by two masked men and robbed of \$60. He "faked" the robbery, he told the court, because he could not pay his debts.

BILL BECOMES LAW
LONDON, Dec. 3 (P).—The Government-sponsored bill to prohibit British vessels from carrying arms to Spain was approved by the House of Lords today and received the assent of the Royal Commission. It previously had been passed by the House of Commons.

Fifteen Candidates Seek Five City Council Seats In Forthcoming Election

Mayor David Leeming and Ald. Andrew McGavin Contest Mayoralty

FOUR IN RACE FOR TRUSTEE VACANCIES

With Mayor David Leeming and Alderman Andrew McGavin contesting the mayoralty, fifteen candidates for five two-year City Council terms, two so far seeking a one-year term vacancy, and four aspirants for three School Board seats, the annual civic election campaign is now well under way. Yesterday was nomination day, and voting will take place in the Public Market next Thursday.

Voting for a by-election to fill the one-year council term will take place with the general election. Nominations will be received at the City Hall up to 2 o'clock Monday afternoon. W. T. Straith has already filed papers. Walter Inward received his from M. Frank Hunter, returning officer, and expects to turn them in before the end of the week.

Five of the council vacancies were caused by expiration of the two-year terms of Aldermen Archie Willis, James Adam, Dr. J. D. Hunter, Andrew McGavin and Walter Lupton. With exception of Alderman Lupton, who is not in the field, and Alderman McGavin, who is contesting the mayoralty, the others are in the contest for re-election. The Continued on Page 3, Column 6

Big Gain in Income Tax Collections

OTTAWA, Dec. 3 (P).—Income tax collections in Canada so far in this fiscal year have shot upward more than \$18,000,000, Hon. J. E. L. Isley, Minister of National Revenue, announced tonight.

In the eight months ended November 30, collections were \$87,748,940, an increase of \$18,011,288 over \$69,737,652 in the same months of last year.

Minister of Justice Takes Legal Action to Prevent Citizens Joining Armies of Spain—Agents Found to Be Thoroughly Organized

BUSSELS, Dec. 3 (CP-Havas).—Legal action by the Minister of Justice against recruiting of Belgian subjects for the armies in Spain tonight assumed the character of a nation-wide police dragnet.

While search warrants were issued for scores of illicit recruiting officers, the auditor general of the Ministry of Justice ordered the arrest of several Belgian "revolt" recruits, who are technically charged with desertion from the Belgian army.

Determined to stamp out activities of secret recruiting organizations, the ministry issued search warrants for thirty places in Liege, sixty-seven at

CHINA'S DEMANDS CONSTITUTE VIRTUAL ULTIMATUM TO JAPAN

Immediate Satisfaction Required for Reported Landing of 1,000 Japanese Marines at Tsingtao—Return of Documents and Release of Arrested Officials Are Other Demands

Serious Labor Situation Reason Given From Tokio

NANKING, Dec. 3 (P). In a virtual ultimatum to Japan, General Chang Chun, Chinese Foreign Minister, tonight demanded "immediate satisfaction" for the reported landing of 1,000 Japanese marines in the Chinese city of Tsingtao.

General Chang Chun summoned Shigeru Kawagoe, the Japanese Ambassador, to the Foreign Office and presented three demands:

1. Immediate withdrawal of Japanese troops at Tsingtao.
2. Return of Chinese documents allegedly seized by Japanese bluejackets in a raid on Chinese Government offices.
3. Release of Chinese officials assertedly arrested by Japanese at Tsingtao.

Foreign Office attaches described the meetings of the two diplomats as "stormy" and said General Chang Chun's protest was "hotly" phrased.

During the interview, Chinese sources said, Kawagoe unsuccessfully attempted to revive discussion of the long-pending questions of Sino-Japanese relations.

WARSHIPS AT ANCHOR

Three Chinese Government leaders, arrested when Japanese riflemen invaded the Kuomintang headquarters at Tsingtao today, were released tonight after a strong Chinese protest to Japanese authorities, according to reports from the Shantung port. The situation remained tense.

Meanwhile, at Nanking, General Chang Chun, Chinese Foreign Minister, Continued on Page 3, Column 4

Exhibition Accountant Accused of Stealing \$41,800 From Association

VANCOUVER, Dec. 3 (P).—L. Avery White, fifty, Vancouver Exhibition Association's chief accountant since 1926, was held in city jail here tonight, awaiting trial next week on a charge "that between the 1st day of May, 1932, and the 30th day of November, 1935, he did unlawfully steal \$41,831, the properties of the said Vancouver Exhibition Association."

Information leading to White's arrest early today was sworn by J. K. Matheson, manager of the exhibition, and by members of the city's internal auditing department, who discovered alleged irregularities in the fair books.

APPEARS IN COURT
White appeared in police court before Magistrate H. S. Wood and was remanded.

City auditors described the method used by White to cover his alleged theft as "a very clever system of duplicate entries."

The arrest was made by Detectives W. J. MacFarlane and J. A. Greer, working under Superintendent Herbert Darling.

White was appointed to the exhibition staff in 1926 on recommendation of A. J. Pilkington, then head of the city finance department.

RULES PROVIDE FOR FREE BEER
Alberta Brewery Employees to Have Draught Three Times Daily Under Order

EDMONTON, Dec. 3 (P).—Free beer three times a day for employees in Alberta breweries is provided for under an order-in-council published in the Alberta Gazette released today.

The order sets out a schedule of wages and hours of labor for workers in breweries of the province.

The order, which will become operative within ten days under provisions of the Industrial Standards Act, states employers are to supply employees with beer, once in the forenoon, at noon and once in the afternoon.

With certain exemptions the hours of labor for all employees in the industry shall be eight hours a day and forty-four hours a week.

James Mollison and Co-Pilot Reach Goal In Separate Planes

Probably Broke London to Capetown Record Without Knowing It—Landed Twenty Miles From Destination—Absence Was Alarming

CAPETOWN, South Africa, Dec. 3 (CP-Havas).—Captain James Mollison probably unofficially broke the London-to-Capetown record held by his wife without knowing it, tonight.

The two flyers were brought here in separate planes from Widdrif, twenty miles from Capetown, where they made a forced landing at 3 p.m. yesterday after losing their course in heavy weather.

Mollison was tired and somewhat depressed over his failure to break the record set by his wife, Amy Johnson Mollison. He and his co-

SAYS LINDBERGH'S LIFE ENDANGERED
Noted Flier Unable to Inspect Proposed Base Because of Irish Extremists

LONDON, Dec. 3 (CP-Havas).—Fear of possible assassination at the hands of Irish extremists prevented Colonel Charles Lindbergh from making an inspection tour on foot of the proposed North Atlantic Imperial Airways base at Ryngna County, Limerick, The Aeroplane, aeronautical journal, said tonight.

The nearest Lindbergh and his party were to the proposed air base during their recent visit was Foyes, eight miles distant, whence he made an inspection of the proposed base from the air and then headed back to Dublin, the aeronautical publication said.

Antipathy of the extremists toward granting a British air line a base in Ireland was said by the magazine to have caused Colonel Lindbergh's decision to view the proposed site from a distance.

MANY MISSING AFTER TYPHOON
One Known Dead in Philippines—Score of Miners Believed Entombed

MANILA, Dec. 3 (P).—Initial reports tonight showed one person killed and thirty-two missing in the wake of a typhoon which swirled across the Philippines south of here yesterday, but damaged communication lines held up reports from a dozen provinces, where the toll was feared to have been heavy.

Among the missing, twenty were gold miners believed to have been entombed by landslides in Nueva Ecija Province, north of Manila. The slides were attributed to terrific rain accompanying the storm. The homes of many miners were reported flooded.

STRUCK BY POWER LINE
The single death was reported at Novleta, near here, where a man was struck by a falling power line.

Twelve other men were lifted as missing when their fishing vessel, failed to put in at Bataan Province, across the bay from Manila.

High winds and torrential rains marked the storm here. Streets were flooded, temporary structures blown down, and the high wind toppled the uncompleted tower on the Philippine exposition grounds here.

SNOW FALLS IN EASTERN WASHINGTON
Seattle's First White Planket of the Season to Eastern Washington Today

SEATTLE, Dec. 3 (P).—Snow brought its first white planket of the season to Eastern Washington today.

The fall, ranging from about a foot in Stevens Pass to a bare white mantle at Spokane, broke a fall drought which had dropped streams to record low marks and had left wheat land in dust.

The snow started falling before noon at Wenatchee. A half inch fell in the Yakima Valley in the afternoon, melting and then freezing into a dangerous traffic hazard. Spokane and Walla Walla saw their first flakes tonight.

WILD SCENE IN FRENCH HOUSE
Session Adjourned When Debate Waxing Heated and Fights Threaten

PARIS, Dec. 3 (CP-Havas).—French deputies again came to the point of blows during parliamentary debate today as bitterness flared between Rightists and Leftists over the situation which led to the suicide of Interior Minister Roger Salengro.

Hurling recriminations back and forth across the chamber, the deputies caused such turmoil that former Premier Edouard Herriot adjourned the session until afternoon in his capacity as chamber president.

An attempted assault on Pierre Bloch, Socialist, by Alphonse Barthe, Conservative, climaxed a crescendo of argument. Attendants rushed in to separate the two deputies.

PRESSES FOR EARLY VOTE
The Government meanwhile pressed for an early vote on Premier Blum's anti-landlord and press law revision bill, designed to halt such attacks as those which Salengro said broke his spirit.

The stormy scenes during the debate which cleared Salengro of charges he was a war-time army deserter were repeated today. Communist Pierre-Henri Charles-Henriot, at Rightist Deputy Philippe Henriot, charged Salengro from Paris to Bordeaux during the German invasion.

"Black-r! Back to Bordeaux!" they shouted.

"We will use your own law to prosecute you!" Henriot shouted back, referring to the new press bill.

PRESIDENT ENDS PEACE MISSION
Sails Homeward After Visit to Latin-American Capitals Prior to Conference

MONTVIDEO, Uruguay, Dec. 3 (P).—President Roosevelt sailed homeward tonight after completing a peace mission which took him to three Latin-American capitals.

Before embarking on the cruiser Indianapolis for Charleston, S.C., he told President Gabriel Terra and other officials who honored him at a luncheon that "a new era of friendship and confidence among the Americas" had been born at the Pan-American conference here in 1923.

An enormous throng, estimated unofficially at fifty-one-third of Montevideo's population of 400,000, packed the broad quays for five blocks as the United States chief executive left.

New Trade Pact With United Kingdom May Operate at New Year

Revised Agreement Believed to Be Near Completion and May Be Announced Within Few Days—Lower Tariffs Foreseen

OTTAWA, Dec. 3. — Revision of the Canada-United Kingdom Trade Agreement of 1932, which is due for renewal late next year, has been actively occupying the Government for more than six months, and there were strong indications today that a new agreement may be put in operation by the first of the year.

Officials would not give any formal statement as to the progress being made and a few days ago Prime Minister Mackenzie King said he was not sure whether the revised agreement would be ready even for presentation to the next session of Parliament.

It is believed, however, that within the past day or two some of the outstanding obstacles have been cleared and that the way is now open to speedy conclusion of a new agreement.

NO CONSTITUTIONAL DIFFICULTY AS YET

Continued from Page 1

King's abdication by the King and the King's relations with Mrs. Wallis Simpson, his desire to marry her and the Cabinet's opposition are the one topic where a few rather together. The common impression is that, if the King insists on marriage, abdication will be inevitable, with the Duke of York succeeding to the throne. The coronation would be postponed for six months.

But every effort is being made to avert an abdication and all that abdication involves. There is a feeling tonight that a way out will still be found, possibly by Mrs. Simpson voluntarily deciding to leave the country.

The device of a morganatic marriage, with Mrs. Simpson becoming Duchess of Cornwall, but not queen, is being considered. Legislation, it is stated, would be necessary to make it effective, and legislation might have to follow a thorny path.

LABOR LEADER EXPLICIT
Clement Attlee, Labor leader in the House of Commons, made it clear that, if Mr. Baldwin resigns over the issue, Labor will not be prepared to form a Government. The alternative might lie in some compromise between Mr. Baldwin and Mr. Baldwin.

Alfred Duff Cooper, Secretary of State for War, has been mentioned as a member of the cabinet, reported to take the view that the King's marriage is his own concern. But, if a Duff Cooper Government were formed, it would be unlikely to be long-lived. It probably would end in a general election with the King's marriage an issue on the public platform. And that is what no political party wants.

NOTICE OF MOTION

Colonel Josiah Wedgwood, Labor, gave notice in the House of Commons tonight of a motion that the oath of allegiance members of Parliament have taken to Edward VIII will be unaffected by any form of coronation ceremony, or by the presence thereof or absence thereof of any dignitary or personage whatsoever, nor will they substitute any other for the King for the King.

Colonel Wedgwood explains that by the absence of any dignitary he means the Archbishop of Canterbury, the Bishop of Bradford, or anyone else. He holds abdication should be avoided at all costs. Constant communication is being maintained between London and other Empire capitals.

ANXIETY REFLECTED

The views expressed by the Dominions, it was believed, reflect the anxiety felt concerning the possible effects on the Empire of the present situation, as they understand it, being allowed to continue.

The absence of any counter to statements appearing in the United States press. The Dominions, it was understood, are exercising their rights under the Statute of Westminster to make direct representations to the King on any subject they believe affects them.

The Dominion High Commissioners are in close touch with the Government here. Hon. Vincent Massey, the Canadian High Commissioner, together with the South African High Commissioner, Dominions Secretary, Malcolm MacDonald and Neville Chamberlain, Chancellor of the Exchequer, conferred with Prime Minister Baldwin at the House of Commons late tonight.

Dr. Leonard also learned the proper way to treat such piles with an internal treatment which would attack a cause. That this was the best way to get rid of piles was proved by the experience of many men. It was the best way to get rid of piles. It was the best way to get rid of piles.

TIMBER OFFERS BRIGHT FUTURE

Rotarian George P. Melrose Heard by Fellow Clubmen At Weekly Luncheon

The timber industry in British Columbia, properly handled, would provide the opportunity for youth to secure employment and would place this Province as a leader in world trade, Rotarian George P. Melrose told members of the club at the Empress Hotel yesterday in an address on "Trees and Trade on the Pacific."

Trees have and will be the greatest source of natural wealth to British Columbia, Mr. Melrose claimed. He declared that Seward, famous American statesman, had prophesied years ago that the theatre of world activity would shift to the Pacific Coast, and his prophecy had come true.

Mr. Melrose claimed that three-quarters of the world's population was on the Pacific Ocean and that two-thirds of its total resources were at its shores. The Pacific, with its vast areas of unoccupied territory, offered great temptation to aggressive nations wishing to expand.

STEAMSHIP LINES

As an example of the expansion on the Pacific Coast, the speaker said there were thirty-six steamship lines in operation here, as against but six in 1913. Canada held a strategic post as a link in trade as well as a link of the British Empire. British Columbia, as the "gateway to the Pacific," had a definite part in the programme of expansion.

From earliest times the lumber industry had been the greatest single factor in offshore trade, Mr. Melrose declared. British Columbia forests produced one-third of the total of Canadian lumber. Facing the Orient, British Columbia was offered the greatest potential market in the world, and if the forests were preserved by good management and adequate fire protection, he saw no reason why the lumber industry here could not last forever.

SAANICH CUTS DOWN SHORTAGE

Net Debt Reduced by Over \$15,000 During Year, Council Told

Provided full instalments are made the sinking fund, the net debt of \$21,970 could be wiped out, Wilfred A. Greene, municipal accountant, reported to the Saanich Council last night.

Mr. Greene said interest rates on Provincial securities remained unchanged, interest on the existing sinking fund would be more than \$6,100 a year.

NET SHORTAGE

The actual shortage, Mr. Greene said, was \$29,099. However, he reported, the difference between the book value of outside investments and par value was \$7,729, bringing the net shortage as at December 31 to \$21,970.

First Saanich debentures mature on October 15, 1944, leaving ample time for necessary adjustments.

REDUCE DEBT

During 1936, Mr. Greene stated the net debt of the municipality was reduced by \$15,930. The net debt at December 31, 1935, was \$458,765, and at October 31, 1936, was \$442,835.

Mr. Greene further reported that \$783,000 had been issued in debentures, and \$233,200 had been retired. Outside investments on hand were \$105,471, making a total of \$339,864 in the sinking fund.

CANBERRA, Australia, Dec. 4. — CP Cable via Reuters: The Cabinet has agreed informally to take any action taken by the British Government in the constitutional crisis it was reported here today.

Prime Minister Joseph Lyons refused to discuss the position, stating it was inadvisable to answer questions at this stage.

Considerable concern had been felt for their safety when last night they were last seen. Their plane was last reported near Cape Agulhas, southernmost point of Africa, at 1:30 p.m. Upon news of their forced landing at Windrift, planes took off to bring them to Cape Town.

Protest Removal Of Offices From City to Mainland

Chamber of Commerce and Liberal Association
Send Resolution to Ottawa Asking Indian and
Farm Loan Board Departments Remain
Here—May Call Indignation Meeting

A STRONG resolution protesting proposed transference from Victoria to Vancouver of the Department of Indian Affairs and the Dominion Farm Loan Board was sent by telegram to Ottawa by the Victoria Chamber of Commerce and Victoria Liberal Association, last night.

Premier Mackenzie King, Hon. Chambers will receive copies by T. A. Cregar, Hon. C. A. Dunning, airmail. Hon. John Hart, Minister of Finance, Hon. Ian Mackenzie and Alan of Finance, now en route to Ottawa.

FEELING RUNS HIGH
Feeling against continued removal of Government offices from the capital city ran high at a special meeting yesterday, and it was intimated that a public indignation meeting might be called if proper consideration and action did not result from the resolution.

The resolution was as follows: "Public feeling considerably aroused here over proposed transfer of Farm Loan Board and Indian Department from Victoria to lower Mainland. Ground of economy suggested is not accepted.

"These offices have been maintained in Victoria since their inception and have been conducted efficiently and economically without complaint as to inconvenience. Strongly urge firstly these offices should be in provincial capital to preserve contact with Provincial Government departments, secondly lower Mainland is not substantially closer to great bulk of Indians and farmers in interior of province and on Vancouver Island, thirdly it is maintained transfers will occasion much greater expense and fourthly inspectors are maintained throughout province and carry on their work through correspondence with head office. Government owns Indian office property in Victoria and does not pay taxes or rent thereon, also Farm Loan Board rental does not exceed \$850 per annum for rent and other incidental services. Office staff with permanent homes in Victoria will be thrown out of employment or moved at great inconvenience and expense to the lower Mainland.

"Suggest proposed action be indefinitely postponed and in any event the Chamber of Commerce

and public bodies in Victoria have full opportunity of answering any substantial reasons advanced for proposed changes. This representation comes from the joint meeting of public organizations with Chamber of Commerce.

ECONOMY MOVE
The meeting of the Victoria Chamber of Commerce and the Victoria Liberal Association, representatives followed receipt by Major H. M. McGovern, president of the latter organization, of answer to protest telegrams on the proposed removal of the two departments.

The following reply was received from Hon. Ian Mackenzie: "Farm Loan Board transfer recommended on grounds economical administration and closer contact with large body of loan applicants. Indian affairs transfer not decided, but recommended for economical administration and better contact with larger number of reserves. Your objections forwarded to ministers responsible."

CHINA'S DEMANDS VIRTUAL ULTIMATUM

Continued from Page 1

later, informed Japanese Ambassador Shigeru Kawagoe that China could not accept the Japanese demand for present, owing to conditions in Suiyui Province. There Generalissimo Chiang Kai-shek was preparing to face a new Manchukuo offensive, reportedly to be launched with Japanese aid.

On good authority it was learned that the Chinese Foreign Minister had rejected the Japanese demand, on the grounds that it failed to conform with the facts.

THE TINGTIAO SITUATION broke as a result of the outbreak of 36,000 Chinese workers by Japanese textile concerns. Japanese soldiers invaded the Chinese Government territory headquarters and arrested the three leaders, while Japanese marines debarked at the port—all despite protests by the mayor of the city.

At Nanking, Chang Chun summoned Ambassador Kawagoe to the Foreign Office to make formal protest over the Tingtiao incident and demand liberation of the arrested leaders, re-embarkation of the marines and restitution of documents seized by the Japanese in their raid on the Kuomintang offices.

The Japanese envoy replied he would transmit the protest to Tokyo. He then presented the new Japanese note, which was refused by Chang Chun.

A Japanese embassy communiqué issued tonight apparently contained the demands presented in the note, stating as follows:

1. Japan demands the immediate repression of anti-Japaneseism in China, holding Japanese Government responsible for all incidents, and warns Japan is being "patient".

2. Japan recalls an agreement "in principle" already has been established for a Sino-Japanese air line, revision of Chinese customs duties, repression of Korean nationalist activities, employment of Japanese advisers in Chinese administrations and energetic repression of anti-Japaneseism.

3. The Sino-Japanese negotiations were progressing when the Chinese Government proposed discussion of "points not concerning the green negotiations," thus appearing not to desire that the negotiations should be concluded successfully. Therefore Japan fears the negotiations will continue to lose time. Habitual procedure will be adopted—early application of the measures already agreed upon.

Peiping dispatches said the military situation in Suiyui remains stationary for the moment. The Mengzi-Manchukuo command was said to be reorganizing its forces with Japanese aid, following their original defeat by Chinese troops.

OFFICIAL EXPLANATION
TOKIO, Dec. 4.—An official Navy Office communiqué stated today that "various Chinese labor situations in Japanese mills at Tientsin necessitated the sending of Japanese marines to maintain peace and order."

The communiqué asserted the commander of the third Japanese squadron warned the mayor of Tientsin about an outbreak of strikes and "sabotage" among the Chinese employees of nine Japanese-operated cotton mills but without result.

NO HOLIDAYS FOR POSTMEN

Saturday and Holiday Mail
Deliveries Revived After
Eighteen Years

Going back eighteen years to the days when Canadian postmen used to work on public holidays and Saturday afternoons, the Dominion Government has now revoked standing regulations in postalities throughout Canada, and starting tomorrow will commence Saturday and holiday deliveries of mail. Victoria postal officials were advised by wire yesterday from Ottawa.

The change was made by Federal order in council, and came as a complete surprise to postal staffs throughout the country.

The new order will place mail deliveries back on the same basis as they were in the year 1918, before postmen received the half-holiday on Saturdays and other public holidays. Upwards of seventy employees of the Victoria postal service will be affected.

PUTS UP PLEA OF INSANITY

Medical Examiners Advise
William P. Bunt to Be
Under Observation

William P. Bunt, charged with having, by false pretences, obtained money and goods from seven business places in this city, has the police magistrate considering his sanity. All yesterday forenoon was taken up with this aspect of the case. There will be further consideration of it when the prisoner comes before Magistrate H. C. Hall today morning. The accused complained of hearing voices in the night, but has no memory of the crime's attributed to him.

Dr. R. Felton, city medical officer, and Dr. W. J. Endicott, who examined the accused and who heard his evidence yesterday, were both of the opinion that a case existed in which the accused should be placed under observation of an expert psychiatrist.

DISJOINTED STORY
When A. J. Patton, counsel for the accused, placed him in the witness box yesterday it was a very disjointed story that the accused told. His counsel said he had information the accused had been in a mental institution in Oregon on two occasions and had undergone treatment, later being declared normal and allowed his freedom.

Dr. Felton would not venture an opinion as to what the state of the accused was when he committed the acts of which he stood charged. From what he heard from the accused in the court he would say that he should be under the observation of a mental expert for say three months. His mentality did not appear to be normal at the present moment, he said.

IS NOT NORMAL
Dr. Endicott was of a similar opinion to that of Dr. Felton. In the witness stand on his own behalf, the accused said he was born near Toronto, but could not remember just where. His parents were dead, and he had served overseas with the artillery. He had farmed near Edmonton and had gone to the University of Alberta. He had also preached at times.

Early in his evidence, he complained that he took his two children from his wife. He said they had put him in a hospital in Oregon and complained he could not get things "square."

"I have always wanted to help people. I never wanted to hurt anyone. I did not get any money I should not get," he said.

HEARS VOICES
"Voices come to me in the night to feed the hungry, to help the poor," he said, and he could not do it, he added.

When asked by Mr. Harrison what he was doing with the blank cheques on various banks, the reply came, "I want to get my children back."

Under cross-examination by Mr. Harrison the accused denied all recollection of events connected with the crimes complained of.

"Did the voices tell you to go to the Elmhurst Hotel where you were arrested?" asked Mr. Harrison.

"I do not know that I was there," he said.

Victoria Builders Support Plans for Home Improvement

Dominion Housing Act and Bank Assistance to Home Owners Approved by Exchange at Supper Meeting Here—Aid to Employment

AUGMENTING the policy of the National Employment Commission co-operating with the Federal Government and banking institutions in Canada of bringing private capital to aid employment, Victoria Builders' Exchange, at a supper meeting here last night, pledged full support to the Victoria committee and the provincial organization sponsoring the Dominion Housing Act and the Home Improvement Plan.

Cotonele Brooke Stephenson has been named chairman of the Victoria group, but the committee has yet to be set up. George H. Kidd, Vancouver, has been appointed chairman of the provincial committee, it was announced at the meeting. The local body will work directly with the British Columbia board, and every effort will be made to place the advantages of the schemes before home-owners in the various communities through an intensive advertising campaign. The sole object of the building plans, it was stated, was to provide employment in the building trades through a revival of home building and home improvement.

HOME IMPROVEMENT

The meeting last night was addressed by Robert J. Lecky, of the Canadian Construction Association, Vancouver, and G. Hamilton Harman, manager of the Douglas Street branch of the Bank of Montreal.

Celery-Laden Trucks Passing Pickets

Fears of violence in the celery strike in the San Joaquin Valley, Cal., were expressed after special deputies prohibited picketing near barricaded fields and packing sheds. State and county officers are pictured guarding the highway near Terminous, "hot spot" of the strike. Pickets may be seen at left, watching as loaded trucks headed for market. Note tear gas bomb held by officer standing next to truck in foreground.

HIGHEST RATE SET BY BOARD

Southern Vancouver Island Carpenters Covered by Minimum Wage Order

On and after February 1, 1937, carpenters in Victoria and vicinity must receive not less than seventy cents an hour, exclusive of apprentices, the British Columbia Industrial Relations Board announced yesterday, following the passage of Order No. 40, dated December 1.

The order applies to all employees in the carpentry trade in the southern portion of Vancouver Island which lies within the bound-

aries of the land districts of Victoria, Lake, North Saanich, South Saanich, Esquimalt, Oak Bay, Highland, Meisdonk, Goldstream, Sooke, Otter, Malahat and Renfrew. It was officially stated.

HIGHEST MINIMUM SET

The minimum rate of seventy cents an hour is the highest yet set by the board in any calling, and compares with sixty-five cents an hour in the shipbuilding industry, board officials said. No special rate has been set for the carpentry trade in Vancouver or elsewhere.

"Carpentry trade" is defined to include "all work usually done by carpenters in connection with the construction and erection of any new building or structure, or part thereof, and the remodeling, alteration or repairing of any existing building or structure, or part thereof."

The order does not apply to apprentices indentured under the British Columbia Apprenticeship Act.

OPPONENTS PAY LAUNDRY VISIT

Mayor Leeming and Ald. Andrew McGavin at New Method Plant

Alderman Andrew McGavin, who is contesting the majority with Mayor David Leeming, visited the New Method Laundry at 2 o'clock yesterday morning and was introduced to employees individually. He made no speech. Mayor Leeming followed at noon and gave a short talk covering planks in the platform of his opponent.

Mayor Leeming thought his opponent should at least give some detail of how to bring about a happy and prosperous city in the face of a difficult financial situation. He claimed only generalities had been dealt with and no method of protection for those who were faced with losing their homes through taxation had been advanced.

He declared it was easy to make sweeping statements regarding misrule and extravagance, but it should not be overlooked that the so-called "cut throat" committee each year had a final tussle with the budget, and it was passed by the council as a whole, not by the mayor alone. It should also be remembered the mayor had not been instrumental in over-spending in any department, and as far as was known by the mayor, other departments had not overspent. He asserted.

ADMITTS CHARGE

Mayor Leeming admitted the statement, "the position of the city was now infinitely worse than when Mayor Leeming took office five years ago" was correct. "Troubles that faced the city since 1929 when collection of taxes and arrears amounted to 103 per cent of the tax levy had been brought about through decreased collections of current taxes, reduced revenue from

the land department, reduction of Provincial Government grants, costs of unemployment relief, and new social charges in no way related to property, and which should not be placed on the shoulders of home owners.

He pointed out he had fought against these impositions, but only with a small measure of success. He asked that his opponent should at least offer the taxpayer some idea of how he proposed to meet \$546,000 in extra charges caused by the impositions.

"Heaping abuses without foundation upon the mayor's head will not solve the city's problems. Taxpayers have a right to know how a person seeking office proposed to bring about a happy and prosperous city," Mayor Leeming concluded.

PLEASURE TO BE AFFLICTED

Many Nurses From America Will Attend Congress in London

It's going to be a pleasure to be ill—that is for passengers aboard the Duchess of Richmond on July 9, and the Empress of Britain, July 10, and for the following few days it takes those giant Atlantic liners to reach the Old Country. The reason is that each ship will be heavily booked with modern Florence Nightingales from all parts of Canada, destined to attend the International Association of Nurses Congress in London in July of next year.

It is believed that British Columbia will be well represented at the meeting, judging by the way inquiries by nurses in this Province to Miss Jean Wilson, executive secretary, Canadian Nurses' Association, 1411 Crescent Street, Montreal, to whom registration for participation in this trip must be made, space to accommodate these traveling nurses has already been

They Live By

The INDUSTRIES of CANADA

For Instance, take Our Own Industry

The planes of the automobile manufacturers employ about 14,000 men and women engaged in the building of cars and trucks; an impressive figure, but merely the start of a chain of jobs.

The plants of the Para-Manufacturers employ many thousands more, and those engaged in the rubber, textile, paint, glass, chemical and steel industries add yet other thousands to the total, dependent in part or in whole, on the production of Canadian-built cars.

To this impressive total must also be added the employees of firms dealing in raw materials, food, clothing and other living necessities, and employees of the railways who live by traffic.

All these people are vitally interested in a sound and well-supported Canadian Automobile Industry.

For statistical and further information about this industry, write to Automotive Industries, 1006 Lamden Building, Toronto.

Jobs are vital to Canadian homes and families. No matter what the job may be: in a factory, office or store, in a mine or in the woods, on the farm or on the railway, it is affected, directly or indirectly, by the industries of Canada. Thriving industries mean more and better jobs all around: hampered industries mean fewer and poorer jobs.

Industry provides a home market for our natural resources: for the produce of the farm, the output of the mine, the cut of the forest and the catch of the fishing fleet.

Each industrial unit buys the manufactured product of many other units. All buy raw materials from every domestic source. The employees of each of these units constitute groups of consumers whose mass purchases of food, clothing, housing and amusement, spread prosperity over industry and the country as a whole.

The interests of industry and of the individual; the business man, mechanic, laborer, clerk, farmer, fisherman, miner, railroader or lumberman, are identical. What hurts one hurts the other. What helps one helps the other.

MALAHAT BRANCH OF LEGION MEETS

SHAWNIGAN LAKE, Dec. 3.—An excellent attendance marked the December meeting of the Malahat Branch of the Canadian Legion, held in the S.L.A.A. Hall on Tuesday evening.

The president, A. J. Duggan, occupied the chair. J. C. Rathbone, chairman of the entertainment committee, gave an excellent report of the fifteenth annual veterans' reunion dinner. A vote of thanks was passed to Comrade Rathbone, members of the committee, and all those who had helped to make the reunion a success. Comrade J. B. Bell, chairman of the poppy campaign, turned in a highly satisfactory report. The gross total realized from the sale of poppies was \$102.27, of which \$44.60 will be turned over to the Red Cross Workshop in payment for the poppies. The secretary was asked to write a letter of thanks to Scoutmaster O. Phillipowsky and his Boy Scouts for their help in the campaign. Election of officers for the ensuing year resulted as follows: President, J. C. Rathbone; first vice-president, J. B. Bell; second vice-president, J. G. Orr; secretary, A. I. Dixon; executive committee, M. Perrins, A. J. Duggan and H. G. Webber; district council delegates, W. Fish, J. B. Bell and H. G. Webber; auditors, R. G. Grainger and R. Ingham.

CEREMONIAL TO BE HELD HERE

Many Shriners Will Visit
City Tomorrow for Func-
tion of Gizeh Temple

POTENTATE W. C. GRIEVE

Gizeh Temple of the Mystic Shrine will hold its Fall Ceremonial in Victoria tomorrow. This is the first occasion on which a Ceremonial has been held in Victoria since 1930.

Other intervening functions have taken place at Vancouver, Nelson, Cranbrook and New Westminster.

William Cecil Grieve, Vancouver potentate of Gizeh Temple, will be accompanied by the brilliant, uniformed patrol from that city and an orchestra of the Vancouver band.

Among the distinguished visitors who will be here tomorrow will be Leonard Elder, potentate of Al Kadar Temple, Portland, with his recorder, Harvey Beckwith, Tim W. Holman, potentate of Nile Temple, Seattle, and Recorder Frank Lazier.

The Olympic Peninsula Shrine Club, of Port Angeles, is chartering a special boat, and a party of twenty-five is expected to arrive tomorrow afternoon.

The day's celebrations will conclude with a dance to be held in the Shrine Temple in the evening, under the auspices of Gizeh Temple Band.

The afternoon will see an influx of visiting Nobles of the Mystic Shrine, not only from the Mainland, but from across the border, and from many Up-Island points.

Saanich Welfare Completes Plans For Its Hampers

At the Saanich Welfare Association meeting held yesterday afternoon it was decided to open headquarters in the Scott Building, 2657 Douglas Street, on December 9, for packing and receiving donations for Christmas hampers.

All small groceries in Saanich are asked to send in their names for orders not later than December 12. In order to avoid a last-minute rush in the packing of hampers, all names of those in need must be in the hands of the secretary no later than Saturday, December 19.

Anyone wishing to donate potatoes, vegetables or fruit can have them delivered to headquarters by telephoning E 1448. G 2222 or E 9333, and after December 9 telephoning E 1212 only.

The radio broadcast will again be heard over CFCT in aid of the hamper fund for Saanich and the same high standard of programmes will be given.

Before an eminent judge of the Scottish Bench a counsel once urged on behalf of a plaintiff of somewhat dubious appearance:

"My client, my lord, is a most remarkable man, and holds a very responsible position; he is manager of some waterworks."

"Yes," said the judge, "he looks like a man who could be trusted with any amount of water!"

City and District

Boat Club—Nominations for president of Victoria High School Boat Club will be considered at a meeting next Tuesday afternoon.

Building Permit—A city building permit for \$500 was taken out yesterday by T. Stoner for addition of one room to his residence at 2550 Vancouver Street. William Miller is the contractor.

Defer Purchase—Purchase of six street lights was deferred to next year's council for consideration by the Saanich Council last night. The cost for the lights was estimated to be \$300.

High School Cards—George Dawson has been named chairman of a committee to handle sales of Victoria High School Christmas cards. Students are planning a concert and dance to be held on the day school breaks up for the holiday.

Decorations Committee—Members of the decoration committee, Victoria Junior Chamber of Commerce, will meet today at 5 o'clock to hear a progressive report on the stringing of colored lights across downtown streets.

Realtors Meet Today—A meeting of the Real Estate Board of Victoria will be held today at 12:30 p.m. in Spencer's private dining-room. H. W. Devey will address the members on "Recent Legal Points Pertaining to the Real Estate Business."

Four Men Hurt—Three Lewis, James Mann, Albert Martin and Wilfred Schroeder suffered slight injuries when a set of steps at 2518 Fernwood Road collapsed yesterday, as they were carrying a 550-pound stove. Mr. Martin is a star player for the Capitals Basketball team.

Holds Both Offices—By order-in-council yesterday, the Provincial Government confirmed Dr. J. P. Walker in the position of mineralogist and made him also acting deputy minister of mines without additional remuneration. The step was seen as anticipatory to future amalgamation of both offices.

Off to Oregon—Hon. F. M. MacPherson left for Portland, Ore. this week, to represent the British Columbia Government at the second conference of the Northwest Aviation Planning Council. The Minister of Public Works addressed the gathering on flying in Canada. Mr. MacPherson will return to his office on Monday.

Conservative Meeting—Saanich Conservatives will open their nominating convention at Royal Oak at 7:30 p.m. on Saturday, and not at 8 p.m., as earlier stated. Fred Patt, secretary of the Saanich District Conservative Association announced the meeting is to select a candidate to contest the next Provincial election in Saanich riding.

Social Credit—The Victoria Social Credit Association will hold its regular meeting at the Women's Institute Rooms, 635 1/2 Fort Street, this evening. All districts and wards are requested to attend. Speakers will be Harry Fisher, Alberta, and W. D. Todd, president of the local association. Questions will be in order at this meeting.

Home Entered—Equinall police reported last evening the home of P. Shoultz, 702 Latson Street, had been entered some time between 2 o'clock in the afternoon and 8:30 o'clock at night. A quantity of jewelry, consisting of diamonds, rings, a locket, earrings and two gold necklaces, were reported missing. Entrance was gained, it is believed, by means of a pass key.

To Talk on England—On Tuesday evening next, Harry Laney will be the speaker at a meeting to be held under the auspices of the Royal Society of St. George. In the Conservative Club Rooms, Campbell Building. The subject will be "Recent Impressions of England." Suitable solo will be contributed by Mrs. A.

DIES AFTER REFUSING TO HAVE AID CALLED

VANCOUVER, Dec. 3.—Police visited a Main Street second-hand store tonight in a routine check-up for missing books. In the rear they found the proprietor moaning in bed. It was nothing, he said, and refused the officers' offers to summon a physician. He told them to search the premises. They did. About to leave they turned to the sick bed with a second offer to summon aid. It was too late—the proprietor was dead.

REFUSE EXTRA SAANICH RELIEF

Council, on Split Vote, Rejects Additional Christmas Aid to Unemployed

Saanich relief workers will not receive an extra day's work for Christmas. The Municipal Council decided last night, on a four-to-three vote.

Advised by the Provincial Government that no funds were available from that body for such a purpose, the council majority felt the \$900 required was too much for Saanich to bear.

QUOTES ESQUIMALT
Councilors E. C. Warren and Leslie Passmore sponsored a motion calling for an extra day's work for married men only. Councilor Passmore quoted Esquimalt, which gave two days' work for unemployed, in support of his motion.

On the vote, Councilors Warren and Passmore were supported only by Councilor John Watson. Councilors A. G. Lambrie, H. D. Colon, L. C. Hogan and W. R. Woods voted against the additional relief.

Councilor Woods said he voted "no" to be consistent. He had two weeks ago supported a move for the extra relief if the Provincial Government would contribute its share.

AFTER MEALS Came Regrets

"I was troubled with heartburn, indigestion and gaseous stomach. My doctor found it necessary to prescribe what he termed a regulator—one that was not harsh nor would form a habit. He prescribed and highly recommended Eno's, a pleasant tasting 'Fruit Salt'. After two weeks of Eno treatment I found that I could eat whatever I wished, and as much as I wished without being distressed afterwards."

Obituary

EVERTS—There passed away suddenly, as the result of an accident, at Tofoin, on December 1, Claude James Everts, aged twenty years, 1115 Caledonia Avenue. He was born in Anacortes, Wash., and had been a resident of this city for nineteen years. He leaves his mother, Mrs. H. Everts, at the family residence, one sister, Mrs. G. Henderson, Victoria, two brothers, Mark of Victoria, and Roy of Peace River, B.C. The remains are being forwarded to the Sands Mortuary, Limited, and funeral announcement will be made later.

BEAVERIDGE—Rev. E. F. Church conducted funeral services yesterday afternoon for the late Albert Beaveridge, 1026 North Park Street. The remains were laid at rest in Royal Oak Burial Park, with the following acting as pallbearers: P. Rampley, E. Rainaldi, A. Pellet, P. Pellet, Gordon Murray and H. Pellet.

GEIGER—The funeral of Mrs. Viola Geiger, who passed away suddenly in St. Joseph's Hospital, on Wednesday, will be held in Hayward's B.C. Funeral Chapel, on Saturday, at 3:30 p.m. Interment will be made in the family plot in Ross Bay Cemetery.

HODGSON—Many friends attended funeral services yesterday afternoon for Mrs. T. H. Hodgson, who passed away on Tuesday. A large number of beautiful floral offerings bore testimony to the high esteem in which Mrs. Hodgson was held by her many friends. Rev. Arthur Bischoffberger conducted the service, during which the congregation sang

the hymn, "Peace, Perfect Peace." A solo, "O God, Our Help in Ages Past," was rendered by Mrs. S. M. Morton. The following acted as pallbearers: G. Hathwaite, D. C. Robertson, T. Adler, F. Eaton, H. Clarke and H. A. Humber. The remains were laid at rest in Royal Oak Burial Park.

GEARY—The death occurred at St. Joseph's Hospital yesterday of Mrs. Isabella Geary, wife of George H. Geary, 413 Walter Avenue, in her seventy-ninth year. She was born in this city and had lived here all her life. She is survived by her husband at home; five sons, Herbert Geary, Union Bay; Clarence Geary, Seattle; Alfred E. Geary, Oakland; Charles Calhoun, Berkeley, and Harry H. Calhoun, Vancouver, and one daughter, Mrs. W. Kaye, Victoria. The remains are resting in Hayward's B.C. Funeral Chapel, where the funeral will be held on Monday, at 2 p.m. Rev. T. H. McAllister conducting the service. Interment will be made in Colwood Burial Park.

CONNOLLY—Funeral services for Captain Arthur K. Connolly, M.P., will be held in Hayward's B.C. Funeral Chapel this afternoon, at 2 o'clock. Rev. Eber Crummy, D.D., officiating. Interment will be made in Royal Oak Burial Park.

MADDEN—The funeral of Mrs. Evelyn Madden will be held from Hayward's B.C. Funeral Chapel, on Saturday, the cortege leaving the chapel at 1:40 p.m. and proceeding to St. Mary's Church, where services will be conducted by Rev. Canon Nunn at 2 o'clock. Interment will be made in Royal Oak Burial Park.

SHAWYER—Many sorrowing friends attended the funeral of Mrs. Edith Shawyer yesterday afternoon. Rev. H. M. Bolton conducting an impressive service during which appropriate hymns were sung. An abundance of beautiful flowers was received. The following were the pallbearers: John Fry, L. Hewlett, I. I. Parris, A. Wicker, R. Piton and J. Knight. The remains were laid at rest in the family plot in Royal Oak Burial Park.

EXTENSION RESIDENT FOUND DEAD IN HOME
NANAIMO, Dec. 3.—The body of John Sherwood, sixty-five, former resident of Extension was found today in his home at Northfield by J. Spencer and C. Renard, who had just seen Mr. Sherwood since last Friday, at which time he had complained of ill-health.

Coroner Hickling ordered the body moved to Chapman's Undertaking Business. Mr. Sherwood was a coal miner and had lived in this district twenty-seven years, and is survived by one brother, Samuel Sherwood, British.

Interesting Associations Recalled in Guest-Names

Miss Kathleen Agnew Entertaining Present and Past Executives and Past Honorary Presidents and Presidents of Women's Canadian Club

Associations knitting together the entire twenty-seven-year period in the life of the Women's Canadian Club of Victoria, one of the senior service and social clubs of the city, will be represented in the personnel of the guests at the bridge tea which Miss Kathleen Agnew will entertain this afternoon at her charming home, "Schubert," Rockland Avenue.

All surviving members of the original executive, elected when the club was first organized in 1909; the executive during Miss Agnew's regime as president, 1925 and 1926; the present executive; and all the past presidents have been invited to this interesting gathering, which is to be a completely informal social afternoon, with five tables of bridge and one of mah-jongg, beginning play at 2.45 o'clock, and tea to be served later.

The hostess for the occasion will wear a handsome reception dress of heavy silk crepe of the new Venetian red shade, the top heavily ornamented with crystal beads. The reception rooms are to be lavishly decked with chrysanthemums, the beautiful pink Buckinghams to be used for the centre of the tea table, which will be lighted by pale green and pink candles in crystal holders.

speakers by Mrs. H. S. Pringle. In memory of the late Mrs. Frank Adams, a much loved and highly esteemed charter member, who recently passed away, a two-minute silence was observed before the closing prayer. Mr. Churchill pronounced the Benediction. Tea was served.

Malahat Women's Auxiliary

The Women's Auxiliary to the Malahat Branch of the Canadian Legion held its regular meeting in the S.L.A.A. Hall, with a good attendance of members. The president, Mrs. G. Orr, opened the meeting for the usual routine of minutes, correspondence, and committee reports. A satisfactory report of the recent card party at Bamerton was given by Mrs. A. M. Perrins, while the visiting committee reported several visits made. The president thanked all those who had helped with the sale of poppies in the recent successful campaign. At the close of the regular business session, the annual reports were given, showing a satisfactory year's work. The election of officers resulted as follows: President, Mrs. G. Orr; first vice-president, Mrs. P. Wolfe; second vice-president, Mrs. D. Alexander; secretary, Mrs. J. B. Bell; treasurer, Mrs. M. C. Page; executive, Mrs. A. Sutton, Mrs. A. M. Perrins, Mrs. J. Polmear. Refreshments were served by the Shawlin members of the W.A.

Victoria Lodge Meeting

Victoria Lodge No. 83, Daughters of St. George, met in the S.O.R. Hall, Broad Street, the president, Mrs. E. Nunn presiding. The officers for the ensuing term were installed by Mrs. Jane, as follows:

Qualicum Guild

The monthly meeting of St. Mark's Church Guild, Qualicum Beach, was held on Wednesday at the home of Mrs. C. Davidson, with a good attendance of members. The financial statement of the Christmas bazaar was found to be satisfactory. Mrs. G. Hughes, the factory School teacher, asked the guild to supply refreshments and some gifts for the Christmas treat, which will be held in the guild room on December 30. Members of the Anglican Young People's Association, are being asked to assist that day. A new plan, leading to the church has been proposed owing to the steepness of the present one, and a committee was formed to refigure the new position and find out the cost. A new member, Mrs. Hesterman, of Oakwood, was welcomed to the guild. Refreshments were served by Mrs. C. Davidson.

Business Women's Club

Several industries and professional Women's Club met at the clubrooms last evening to put the final touches to the attractive collection of Christmas wrappings which have been prepared for the sale to be held in the rooms tomorrow afternoon. Colophane boxes, wrappings and ingeniously made candy baskets are among the novelties, and people whose fingers are less adept in making their Christmas parcels look particularly appealing will be delighted with the ready-made decorations. Afternoon tea will be served by the club members and a cordial invitation is extended to the public.

St. Martin's Gypsy Tea

A successful Gypsy tea and sale of home cooking and Christmas gifts was held by the St. Martin's Gypsy Tea Ladies' Guild. The president and members each portrayed Gypsy costumes. The stalls were attractively decorated by Mrs. Few. Those assisting the president, Mrs. Gilbert, at the stalls were Mesdames Filicoff, Gaymon, Frew, Love and Foster. The tea and reading was conducted by Mrs. New-

Home League

The Victoria Salvation Army Home League will hold a Christmas sale of home cooking, candy and needlework in the vacant store on Yates Street, near Broad Street, tomorrow from 10 o'clock. Donations for the stalls will be left there during the day and will be gratefully accepted. Afternoon tea will be served.

To Open Bazaar

Miss Anna Spencer will officiate at the opening of the bazaar to be held at Garden City United Church today. There will be stalls of home cooking, candy, superlatives and a uran tuo for the children. Afternoon tea will be served. The sale will continue in the evening and a programme of music and a one-act play will be given by members of the Women's Auxiliary.

Oak Bay W.M.S.

On Wednesday next at 8 p.m. Rev. Richmond Craig will address the special December meeting of the Auxiliary of the Women's Missionary Society of the Oak Bay United Church, to which the general public is invited. Miss Edna Burgess will be guest soloist.

Typographical W.A.

The Women's Auxiliary to the local Typographical Union held a most enjoyable card party in the S.O.E. Hall on Tuesday. Mrs. Frank Neeld was first prize and Mrs. A. E. Johnson, second. Refreshments were served.

P.T.A. Activities

JAMES BAY

The James Bay P.T.A. will hold a bazaar in the South Park School this afternoon for the purpose of founding a school library. There will be stalls of fancy needlework, home cooking, candy and a jazz tree. Afternoon tea and a card party in the evening will round out an enjoyable programme.

Display Interests Duchess

After opening the display of Arts and Handicrafts at London's Central Hall, the Duchess of Gloucester spends some time inspecting the exhibits. She seems to find some of the toys displayed on the counters very interesting.

THE CIVIC ELECTION

Sir,—In spite of the expressed opinion of Mayor Leeming that "I cannot imagine taxpayers of Victoria making a change," the taxpayers and bondholders are to be congratulated on having an opportunity of expressing by their vote either their approval or disapproval of the civic administration of the past five years.

There is one phase of the situation which is somewhat difficult to elucidate. Briefly it is this: Most of your readers will remember that in 1931-32 \$200,000 City of Victoria Bonds were, on the recommendation of our present mayor, sold across the counter in the City Hall at par or \$100, and the balance of the issue sold to a firm of brokers at 95. This sale of \$200,000 across the counter was a subject of great satisfaction to the mayor, showing, as was pointed out, the confidence the citizens had in the mayor and in the way the bonds were being managed by the mayor and aldermen.

Now these bonds were bought for the most part by small investors, and represented in a large measure the savings of lifetime, or at least years of rising taxes, depleted sinking funds, etc. It is proposed by the same mayor that legislation be procured from the Provincial Government to break the sales contracts made on his recommendation, and citizens and bondholders are to be paid a lesser interest than that stated on the face of the bond, and an ill-advised trip to England at an estimated cost of over \$200,000 has been taken in an abortive attempt to bring this about.

A sidelight on the situation may be gleaned from a recent decision of the upper court in Ontario that even provincial governments have their limitations, and that a solemn contract given by a city or municipality cannot be treated as a "scrap of paper."

Why should repudiation be confined to city bonds? Why not start at the source of the trouble, the City Hall, and all the deadwood contained therein? Why not start with the mayor's salary, increased during these days of stress from \$3,000 to \$4,000? The old saying that "what's sauce for the goose is sauce for the gander" appears admirably applicable, and the question naturally arises: have we the "propaganda" or has he "cooked his goose?"

From the outside view, the coming election will be decided mainly on the question whether the mayor and certain aldermen were justified in the face of strongly expressed opposition and an adverse court decision in appointing a fiscal agent and taking an expensive trip to the Old Country (\$200,000, estimated), which trip from present indications was absolutely without result.

On December 10 the result of the election will show whether the taxpayers approve or disapprove of the expenditure of public moneys in such a manner.

E. B. ANDROS.

A CATHOLIC CHURCH

Sir,—Knowing that the great mass of Canadian churchmen are one in the determination to preserve the catholicity of the name of our national church in Canada—a name that has come to us from the haze of tradition, through history's bloody page, and made sacred to us by the enduring sacrifice of our forefathers—I pass to very brief consideration of its verbal terms and their etymology. Now, to dissect their name "British Catholic Church in Canada." "British" has its root, back in the dawn of European history, and therefore, connects us with our racial origin—Hebrew, or otherwise. It is to a word contemporary with our warring and empire, from its centre at Westminster to the outskirts of New Zealand.

Capetown, Victoria, B.C. Imperially it is a catholic word, containing every citizen-subject in His Majesty's realm. "Catholic" is the Greek: "kata"—"completely"; "holos"—"whole" (and, in its secondary sense, "Holy"). So in this sense, the three English adjectives "one, true, holy" are summed up in this all-inclusive Greek epithet "catholic." Our word "holiness" is a pure English—straight from "holiness," parallel with the Greek "holos."

Enough, perhaps too much, of words. Now, what about us as Canadian churchmen—may, as common garden Christians, saying a prayer for that "forward evangelic movement" in Canada—in God's round world? And how about that old monk's motto, "Labare est orare"—"work is prayer"—its true expression—without which prayer is a hypocrisy! Even in our high schools this simple psychology is taught: that one who labours and on a high ideal, too keeps himself with pure and undivided thought working up towards it, sublimates his whole life, lifts it up from the lower to the higher, and his conscious activity into a higher and holier plane—his conscious intelligence. Is there any higher possible human ideal than this? The Gospel (the good news) to the last man on God's green earth, and its corollary—the only sure way to accomplish that: "Christian unity." When all our wills come into line with that divine will of our Lord and Master as expressed in His great prayer for unity, and in His great commission to every one confessing His Holy Name, with all His life and holiness behind our prayer and work, those two things will most surely come to pass.

Just one final word for those who are not of our faith. The Master said two words: (1) "Come." (2) "Go." This is for others' sakes. Can we do less than both? Don't let grass grow on your spiritual heads! If you fail to use your privileges, you lose them. If you surrender your principles, your privileges (Prayer—

His Word: Praise—His Worship) go with them. Then will they say of you: "Grey hairs are here and there upon him; and he knoweth it not." Little good are stately churches, stately stained glass, stately architecture, if they but house, in an institution with spiritual grey hairs, a people sinking in the muddy waters of modern idolatry, intolerance, pleasure-hunting, disloyalty to God, their King and their best selves. The Living God is not a myth: His Holy Spirit is a Great Mystery—but not a minus quantity. Unless you have that, you have nothing. You cannot have His Holy Spirit and at the same time tolerate industrial and national immorality and hypocrisy. God and "Mammon" will mix no better than oil and water. The dye of hypocrisy cannot revive those grey heads. The thing that will bring back to us those raven locks of perennial youthfulness to us men when we "Worship the Lord in the Beauty of Holiness."

REPUTATION OR BANKRUPTCY
Sir,—Both words suggest an ominous situation. To be forced into, and yet to be being headed, willy-nilly into just such a lamentable fix; but we are not over our heads yet, not even up to our necks, so we have just time to splash safely to shore and a sure footing.

Reputation simply means we do not intend to keep our agreement, pay our debts; it means we would welch on our creditors, crawfish, baffle, wheedle, and we are hurt, and everything else that the dictionary could possibly express as the most despicable procedure.

Bankruptcy is a lawful procedure entered into by red-blooded people honestly when the last cent on account and the debt is still preponderant; truly a decent effort on the part of such debtors to uphold their credit as best possible. But, bankruptcy, lawful as it is, may and does become repudiation, as is evidenced by the fact that more than one person has been sent to prison for being guilty of entering bankruptcy in order to beat his or her creditors when he or she could first have liquidated a greater or lesser percentage of the indebtedness.

Are the ratepayers and all other citizens of Victoria going to sit back and allow their duly-elected representatives to openly repudiate or bankrupt them?

The very thought is simply preposterous.

1. Before we enter bankruptcy, let us suspend all operations at the City Hall until an emergency board of five financial agents, working gratuitously, are duly installed therein with full authority and the assistance of the comptroller, to discover and publish as quickly as possible our total indebtedness and how best to fully liquidate the same, or.

2. The comptroller will publicly announce our total indebtedness immediately after same has been independently audited, then proceed with all dispatch to invite lenders for the purchase of that total indebtedness; or.

3. Every citizen, employer or employee, retired or otherwise, etc., within the city proper, will gratuitously pay monthly into a sinking fund account, established for the express purpose of every bank there is no penalty provided for those who wish to avoid the onus of payment. By all means do not pay if you cannot; but you will have to show the gratuitous digressions of which there will be no dearth, that you actually cannot pay.

Not a soul resident in Greater Victoria can possibly fail to gain should we have to resort to the third suggestion. They do not spend daily more than is actually necessary. Many of us will suffer plenty, but there is a sizeable crowd that will not—much, anyway—and by the way, the great majority will not suffer at all.

Surely now we should hear no more talk of bankruptcy, much less the unthinkable repudiation—such talk suits only too well certain political elements.

Quick action is our next best move. In the one, two, three order: W. N. WINSHY.

1626 Pitt Street, Victoria, B.C., Dec. 1, 1936.

TO CIVIC CANDIDATES
Sir,—Could you spare a few lines in your valuable paper to ask the candidates for the mayor and aldermanic seats their opinions on the following questions?

(1) In view of the fact that the majority of successful candidates will be the men of the council at the next expiration of the present B.C. Electric Railway franchise, what is their opinion?

(a) Will the taxpayer still have to foot the bill for wrecked roads such as Cook Street?

(b) Will the residents on the streets traversed by street cars still have to put up with the terrible noise and racket of worn-out junk like wheels, crooked rails, etc.?

(c) Will owners of radio sets still have to put up with the terrific radio interference, such as is now experienced, not only on streets used by the cars, but for some distance either side?

(d) Will we still have to put up with traffic blockage caused by the street cars?

(e) Will the failure at times of the street cars to observe the arterial "stop signs"?

(f) The damage to the city water mains caused by electrolysis?

2. What is the opinion of these candidates on the matter of fully modernizing the city transportation with buses of real up-to-the-minute design, the routes of which can be easily altered to suit advancing districts without much cost?

Answers to the above questions would not only greatly interest myself a taxpayer but also many other voters. FRED HOLMES.

Now for the Plum Pudding!

EVERYONE likes Plum Pudding—but plum pudding doesn't like everyone. Why? Because the ordinary plum pudding is too often a soggy, sticky mass which cannot be handled by many digestive systems.

But here's a way to make a plum pudding that will not have a suggestion of sogginess—that will be granular, open and porous to the digestive fluids that will pour through it as water pours through gravel. The secret is—use Roman Meal instead of "pastry" flour. Here's the recipe. Try it. It will delight you and your family.

Christmas Pudding

1/2 lb. raisins
1/2 lb. currants
1/2 lb. dates
1/2 lb. almonds
1/2 lb. peel
1 lb. cherries
1 lb. brown sugar
4 eggs
1 cup grated raw potato
1 cup grated raw carrot
4 cups Roman Meal
1 teaspoon allspice
1 teaspoon cinnamon
2/3 cup butter
1/2 lb. chopped suet

Serve with your favorite sauce.

Put fruit, nuts, carrot and potato in basin, dredge well with one cup Roman Meal. Mix chopped suet with 3 cups Roman Meal, and add to fruit, etc. Cream sugar and eggs together and add this to mixture. Butter pudding bowl and pack to within one inch of top. Cover with waxed paper and tie cloth over bowl. Put in hot steamer and steam for four hours. This recipe does not require baking powder or baking soda, although a little of either may be added if desired.

Keep in mind when considering the above recipe that the conventional plum pudding is very constipating as well as indigestible. By making your plum pudding of Roman Meal it will not only be delicious and digestible, but a natural laxative which will aid you in eliminating from the food or life canal the re-

NOTED STORY ON DOMINION SCREEN

"Last of Mohicans," With Randolph Scott and Good Cast Currently Featured

The men who made "The Count of Monte Cristo" have done it again!

This time, Harry M. Goetz and Edward Small, the producers of Reliance Pictures, have chosen to bring to the screen, with a magnificent cast, "The Last of the Mohicans," James Fenimore Cooper's immortal classic of the hand-to-hand struggle for a nation yet unborn.

The cast includes C. Aubrey Smith, Guy Kibbee, Mickey Rooney, Henry Stephenson, E. E. Clive, Una O'Connor, Jackie Ivar, Ivan Simpson, Jessie Ralph and Constance Collier.

More animals than a circus menagerie are used in filming "The Green Pastures," the Warner Brothers picture now at the Plaza Theatre.

An intensive search was conducted for a boy to play the role of young Anthony Adverse, in the Warner Brothers production of that title which is now at the Atlas Theatre.

The youngster is Billy Mauch, who was chosen not only because of his talent, but because of his startling resemblance to Fredric March, who has the title role.

As its title indicates, the story of "Labeled Lady" concerns a girl who gets in the headlines and sues.

"Pie" Whitehead, who is the British Columbia representative of the Cunard-White Star Line, was called to Victoria yesterday, and visited on local transportation men while here.

Mr. Whitehead stated that his company expected the greatest transportation year in history in 1937; 1936 had been the biggest for ten years, at least as far as the Cunard was concerned; but all reports from agents indicated it would be bettered considerably in 1937.

The decision to build a sister ship to the St. Queen Mary, as well as a number of other passenger vessels, was an assurance the company had the fullest faith in the future of ocean travel business, Mr. Whitehead said.

Yukon and Atlin Mails

A special trip will be made to Skagway today by the St. Princess Louise, leaving Vancouver at 9 p.m. This will give Victorians an opportunity of sending mail matter to the Yukon and Atlin. Postmaster G. H. Gardiner advises Mails will close here at 1 p.m. today.

News Shows Santa Claus' Arrival in City of Toronto

SANTA CLAUS holds away in The Colonist Universal newsreel now showing at the Dominion Theatre. With due pomp and ceremony he makes his official debut to the youngsters of Toronto, a scene which is now being duplicated in cities all over the world.

In keeping with the spirit of Christmas giving, the latest in furs for winter wear is showing. Models display a fortune in wraps in the comprehensive showing of what is new and fashionable.

The big event of the opening of the giant Bay Bridge at San Francisco, a new shipment of fighting planes arriving for the Chinese army at Shanghai, scenes at the big New York Show, the New York hockey game where Americans defeated Rangers, 2-1, and other interesting items make up the newsreel.

AMUSEMENTS

On the Screen
Atlas—Fredric March, starred in "Anthony Adverse."
Capitol—"Labeled Lady," starring Myrna Loy.
Columbia—Gene Autry in "The Singing Cowboy."
Dominion—"The Last of the Mohicans," with Randolph Scott.
Oak Bay—Freddie Bartholomew as "Little Lord Fauntleroy."
Plaza—"The Green Pastures," with Rex Ingram.

For damages—five million dollars worth, to be exact. It is the role which Myrna Loy plays and it is one of the best she has ever attempted.

"Labeled Lady," showing for the last time today at the Capitol Theatre, is hailed as one of the most important attractions on the current Metro-Goldwyn-Mayer schedule.

COLUMBIA Eight covered wagons, each drawn by eight horses, plunging through mountain canyons in a breath-taking race, creates one of the most spectacular of "The Singing Cowboy," Republic's spirited western picture now presenting Gene Autry with seven new scenes of his own at the Columbia Theatre.

Reminiscent of the old musical comedy and road show days is the Dance Revue, to appear on Monday, December 14, at an afternoon and evening performance at the Empire Theatre.

Four famous dancers, stars from four famous ballets, will appear in modern, classical and interpretive dances.

Tonia de Aragon is well remembered in Victoria for her grace and beauty when she appeared here last year with the Spanish Dancers. George Chaffee won for himself an enviable reputation when he starred with the Fokine Ballet. Jose Castro is well known in Europe as a "premier" of the Madrid Opera Ballet, and Grace Walsh is known to all Balletomanes as one of the leading lights of the Metropolitan Opera Ballet.

The second half of the programme will be the brilliant revue, "Cuban Follies," straight from a phenomenal run in Chicago—a riot of dancing, singing, humor and color. They will leave Victoria for London, where they open for the Coronation season.

One boy in a class of colored children would persist in writing "have sent." "Now, Willie," his teacher decided one day, "you will stay in and write 'Have sent' fifty times while I am out of the room."

She returned to find a sheet of paper on his empty desk. On one side was written "Have sent" fifty times. On the other side was "I have sent home."

CULBERTSON on CONTRACT

By Ely Culbertson

World's Champion Player and Greatest Card Analyst

Penalty doubles have a capriciousness all their own. They are the most unpredictable member of the family of bids. A player may take his courage by both hands and expect a "double" more than half expecting the redoubt to fall on his unprotected neck, and, to his surprise and joy, see the contract go down five tricks due to a superlative queen or jack, or singleton in the other defender's hand. Then, as though to offset this undeserved windfall, another double so sound that most banks would loan money on it, turns sour as vinegar. The double in today's hand was of the latter type. The doubler still is shaking his head, more in wonder than in anger.

CITY BADMINTON FINALS TONIGHT AT WILLOWS

"Dusty" Jones Stops Victoria Fighter in First Round of Bout

Right to Jaw Drops Albion Davies for Full Count in Main Event of Esquimalt Fight Card—Two Other Kayoes—Good Crowd Attends

Smiling "Dusty" Jones, nineteen-year-old colored Seattle boxer, who really can hit, stopped Albion Davies, Victoria welterweight, in one round, yesterday evening, at the Esquimalt Athletic Association Hall, Fraser Street, Esquimalt.

Scheduled as the main event on Promoter Nick Lystar's boxing card, the bout lasted exactly two minutes and twenty-five seconds. It was billed for ten rounds, but when Jones brought over his Sunday punch—a damaging right hook to the jaw in the initial round, Davies went down. He shook his head at the count of eight, and for a moment it looked as if he would climb to his feet, but his "dogg" just would not lift him. He was still prostrate when Referee Roy Baker tolled the count of ten. Davies weighed 143 pounds and Jones 142½.

HARD TARGET
Fighting in a crouch and covered up just like the clams at the Esquimalt, Jones proved to be a hard target. Davies seemed this early and shot a couple of right uppercuts to the Seattle boy's mid-section and then dusted his face. Always on the alert and looking for an opening, Jones tossed a short right to Davies' face and his knees buckled. They went into a clinch for a few seconds and then mixed again. The next time Davies came in the move proved fatal. He walked into Jones' Sunday punch and dropped to the canvas and the bout was over.

It was Jones' sixth start in the professional ranks and his third straight triumph in a local ring. Hard-hitting "Dud" Miller, Albion featherweight, threw too many punches for Frankie Neel, Victoria boy hitting the come-back trail, and won by a technical knockout in the second stanza. The Up-lifter landed his with both hands and packs punching power in each mitt.

Miller started dropping Neel in the first and after scoring five times, he was saved from further punishment when the gong sounded at the count of five. Game but taking plenty of punishment, Neel received the worst of the exchange in the next session and took an eight count at the bell. Miller floored him again early in the third round, and the towel came from the corner. Miller weighed 118 pounds, two pounds less than Neel.

STOPS VASHERESSE
Private Fred Pocock, Princess Patricia Canadian Light Infantry, Work Point, Barracks, loved Vic Vasherese, Victoria light-heavyweight, in the second round of the scheduled four-round special event. With a flurry of gloves that came at Vasherese like machine-gun bullets, Pocock floored his opponent after twenty-five seconds of one-sided milling in the second session. Vasherese was cold as a January frost. His second round lay prostrate body from the far corner of the ring, draped him on the chair and worked on him for two minutes before he finally came to. When he came around the first thing he asked was, "Did the Army hit me?" Pocock weighed 176 pounds and Vasherese 178.

George Tate and George Haslam, 140-pound Victoria battlers, really slugged in a wild four-rounder, ended all-square when the bout was called a draw. Billy Buxton, Victoria featherweight, and the third man in the ring, decided to call the bout in the second session and give Tate the decision on a technical knockout. The fans bowed and called for action, and Buxton bid the wise and proper thing when he decided to allow the boys to continue. Haslam improved after the halt and staged a real rally. Dick and Jim Buxton, young

Sharpe to Play For Capitals in Saturday's Game

"CHUCK" SHARPE, star forward of the Liberty Cafe quintette, has definitely signed up with the Capitals, senior squad, and will be in uniform when he teammates take the floor against the Dominions tomorrow night as the fourth game of their senior "A" series for the city basketball championship. Sharpe is a tall, husky youngster and carries plenty of scoring punch. He should be a great asset to the Caps' firing line and is expected to work in well with "Porky" Andrews, Ed Goldsmith and "Red" Martin. The Capitals will be out to break Nicol's Dominions, who have three straight victories to their credit to date. The Dominions will be at top strength for the battle and are confident of coming through with their fourth triumph. During the week the Dominions went through a strenuous workout and also journeyed to Saanich for an exhibition game with West Road and returned to the city with a 25-25 decision. The preliminary game will start at 8 o'clock and the main attraction at 9:15. Tommy Macedo will be referee-in-chief for the Dominions-Capitals fixture.

ENGLAND AND AUSSIES TO MEET TODAY

First of Test Cricket Series To Open at Brisbane—Teams Prepared

BRISBANE, Australia, Dec. 3 (AP).—England and Australia meet tomorrow in the first of five test matches for world cricket supremacy. The Commonwealth holds the edge in victories since tests were started in 1876, with fifty-three wins, one more than England, while twenty-nine have been drawn. England's team, led by G. O. Allen, Middlesex captain, has performed creditably since arriving in Australia early in October, winning three of eight games, played one match was lost and the remainder drawn. Tomorrow's struggle will see Don G. Bradman, South Australia's world-famous batsman, in the role of skipper for the first time. When William Woodfull, Melbourne schoolmaster and Aussie captain for many years, decided to retire from first-class cricket, Bradman's appointment met with a chorus of approval.

ENGLAND'S TEAM
Announcement was made today that England's team would be chosen from the following twelve players: G. O. Allen, Middlesex, captain; Leslie Ames, Kent; Charles Barnett, Gloucestershire; A. E. Fairs, Kent; W. H. Hammond, Gloucestershire; J. Hardstaff, Nottinghamshire; Maurice Leyland, Yorkshire; R. W. V. Robins, Middlesex; James Sims, Middlesex; Hedley Verity, Yorkshire; William Voce, Nottinghamshire; and T. Worthington, Derbyshire. Australia's team, it was announced some days ago, will be chosen from Don G. Bradman, C. L. Budeck, Frank Ward, South Australia; S. J. McCabe, J. R. Pinfield, A. G. Chappell, W. A. Oldfield, Ray Robinson, W. J. O'Reilly, New South Wales; E. L. McCormick, M. W. Stivers, Victoria; and W. A. Brown, Queensland.

Lewis Suspended By Boxing Dukes

PROVIDENCE, R.I., Dec. 3 (AP).—The National Boxing Association today met out an indefinite suspension to Light-Heavyweight Champion John Henry Lewis and his manager, W. A. Greenlee. The suspension followed similar action taken by District of Columbia boxing officials because of Lewis' alleged failure to go through with an agreement to box Tiger Williams at Washington last October 13.

Smith: "You came from a test town, didn't you?"

Brown: "Test town? Why, they won't even allow the carpenter to use spirit levels!"

Cubs and Giants Trying To Complete Big Trade

Chicago May Swap Demaree, Lee and O'Dea for Mancuso, Schumacher and Leiber—Dean Sale Still in Air—Several Deals Made

By PAUL MICKELSON
Associated Press Staff Writer
MONTREAL, Dec. 3 (AP).—Major league slinkers fought to a noisy twenty-four-hour draw today in their old skin game of trying to get something for next to nothing.

Except for the sale by Brooklyn of outfielder Stanley "Frenchy" Bordagaray, infielder Jim Jordan and Emil Leonard, a right promising pitcher from Atlanta, to the St. Louis Cardinals, not a deal or swap of importance was revealed.

The closest approach to a big deal was made by the New York Giants and Chicago Cubs as the rival magazines, held countless huddles, and talked big talk.

With Manager Bill Terry on the scene about forty-eight hours later, the Giants offered to trade Catcher Gus Mancuso, Pitcher Hal Schumacher and Outfielder Hank Leiber to the Cubs for Outfielder Frank Demaree, Pitcher Bill Lee and Catcher Ken O'Dea. The Cubs, their outfielder, applied by the league agreement, applied by the purchase of young Joe Mauer from San Francisco, offered Captain Ed Stankiewicz in a flat swap for Leiber, but Terry balked. A deal was all but certain to be made, with Leiber going to the Cub.

NO SALE YET
The super spectacle, "the sale of Dizzy Dean," offered no new devel-

opments, with the Cincinnati Reds, New York Giants and Pittsburgh Pirates resting on their offers. It definitely was Branch Rickey's next move and the vice-president of the Cardinals wasn't doing much moving.

As Baseball Commissioner Kenesaw M. Landis sat in a hotel a few blocks away with the decision in the Bob Feller case under his hat, the minor leagues made a move to bring scouting a more wide open business.

By unanimous vote, the minors voted to allow major or minor league representatives to recommend players for signing to other clubs.

Under the new ruling, which undoubtedly will be ratified by the league next week, any scout can recommend a player to any club, providing he files full information with Commissioner Landis and the minor league association. The ruling is not expected to have an effect on the Feller case as it does not alter the status of the major-minor league club from signing sandlot players.

Pittsburgh Pirates offer Infielder Floyd "Pop" Young, Catcher Tom Foy and Outfielder Bud Haffey to Brooklyn for Shortstop Linus Fry and a pitcher, either Dutch Brandt or Fred Frankhouse.

Kansas City buys Pitcher Ted Klemm from Yankees.

International League reverses decision and agrees to continue little world series with American Association.

St. Paul sells Shortstop Gordon Shide, former Cincinnati player, to Athletics of the Pacific Coast League.

Indianapolis trades Pitcher Stew Bolan to Missions for Pitcher Lefty Johnson, Indianapolis buys Pitcher Lewis Whitehead from Durham.

Kansas City swaps Third-Baseman Joe Valentini and Catcher George Sison, 26, Galveston for Pitcher Beryl Richmond.

GOLF FACTS
NOT THEORIES
By ALEX MORRISON

DRIVE WITH SPOON AND FINALLY, DRIVER.

SECOND BRASSIE.

LOW SPOON DRIVER.

As an aid to direction as well as distance I always instruct my pupils to begin driving with a spoon. After they have played a few holes I allow them to drive with a brassie or possibly a driver.

Such instructions seem a bit confusing to the type of player who likes to kill the ball. He just can't understand why he should be held down to the use of what he considers weak clubs.

My idea is taken from the gears in an automobile. The low gear is used for starting, the second gear for the shift from low to high. You can start in high but it will cause a breakdown sooner or later either with the driver or the car.

The most practical thing is to start up easy and gradually work up to the greater speed and power. The same thing applies to golf. Using the spoon to begin with will give every player better results with all his wood clubs.

Scene of Charity Dog Show Changed To 1130 Wharf St.

DUE to unforeseen circumstances, officials of the Vancouver Island Dog Fanciers' Association announced yesterday that the Charity Dog Show, to be held tomorrow afternoon and evening, will start at 2:30 and the adults at 7:30. Proceeds from the affair will go to aid the Gyro Club's Christmas Hamper Fund, and therefore a large number of entries and the public's support is expected. Admission to the show will be free, staples, not less than twenty-five cents in value, suitable for hampers, while a small fee will be charged to all exhibitors. Arrangements have been completed by the energetic committee in charge and any information concerning the show may be had by telephoning Mrs. C. Bloomfield at G 4788.

DEFENDING SINGLES CHAMPIONS ADVANCE BY EASY VICTORIES

George Lane Eliminates Don Davis and Des Bleasdale Moves Into Final by Defeating Simmons—Joyce Thomson and Gladys McCall in Women's Final—Large Gallery Expected

City badminton champions for another season will be crowned this evening at the Willows court when the 1936-37 annual championship tournament is brought to a close with the staging of the finals in all divisions.

As play in the semi-finals wound up yesterday evening, attractive Miss Joyce Thomson, young Brentwood star and women's singles champion, and George Lane, Victoria-Club netter and men's singles titleholder, were still left in the top chase.

Many fine matches were witnessed last night as minor upsets crept into the late stages of the tournament play. Ted Simmons, Willows Club, and last year's runner-up for the men's singles crown, was eliminated from the championship race by Des Bleasdale, Victoria Club, in a keenly fought two-set fixture, 15-9, 18-13.

CHAMPION ADVANCES

George Lane, defending champion and a favorite to retain his laurels, gained the select bracket with an easy triumph over Don Davis. The scores were 15-6, 15-11.

Battling in defence of her title, Miss Joyce Thomson defeated Miss B. Murdoch, another Brentwood player, 11-3, 11-5, in one semi-final, while in the upper bracket, Miss Gladys McCall, Victoria, came through with an odd-set triumph over Miss Dorothy Morley, a clubmate. The scores were 11-5, 8-11, 11-2.

Miss M. Hughes and Ralph Bagley, Willows combination, who created an upset Wednesday evening when they eliminated the mixed doubles champions, tasted defeat themselves last night at the hands of Mrs. MacDonald and Don Davis, clubmates, in a three-set match. After dropping the initial set 10-15, the eventual winners rallied to take the next two sets and the fixture with scores of 18-15, 15-9.

Misses P. Garrard and Murdoch, young Brentwood team, created a mild surprise in the women's doubles when they eliminated Miss M. Hughes and Miss G. McCall, Willows pair, in three exciting sets. The scores were 8-15, 15-12, 15-12.

Tournament officials announced last night that J. G. Brown, veteran Victoria tennis official, who has recently returned from Scotland, will present the prizes. The presentation will be made following the playing of the last title match.

CITY BADMINTON FINALS TONIGHT AT WILLOWS

"Dusty" Jones Stops Victoria Fighter in First Round of Bout

Right to Jaw Drops Albie Davies for Full Count in Main Event of Esquimalt Fight Card—Two Other Kayoos—Good Crowd Attends

Smiling "Dusty" Jones, nineteen-year-old colored Seattle boxer, who really can hit, stopped Albie Davies, Victoria welterweight, in one round, yesterday evening, at the Esquimalt Athletic Association Hall, Fraser Street, Esquimalt.

Scheduled as the main event on Promoter Nick Lystra's boxing card, the bout lasted exactly two minutes and twenty-five seconds. It was billed for ten rounds, but when Jones brought over his Sunday punch—a damaging right hook to the jaw in the initial round, Davies went down. He shook his head at the count of eight, and for a moment it looked as if he would climb to his feet, but his "dogs" just would not lift him. He was still prostrate when Referee Roy Baker tolled the count of ten. Davies weighed 143 pounds and Jones 142½.

HARD TARGET
Fighting in a crouch and covered up just like the clams at the Esquimalt lagoon, Jones proved to be a hard target. Davies seemed this early and shot a couple of right uppercuts to the Seattle boy's mid-section and then dusted his face. Always on the alert and looking for an opening, Jones tossed a short right to Davies' face and his knees buckled. They went into a clinch for a few seconds and then moved again. The next time Davies came in the move proved fatal. He walked into Jones' Sunday punch and dropped to the canvas and the bout was over.

It was Jones' sixth start in the professional ranks and his third straight triumph in a local ring. Hard-hitting "Dud" Miller, Albemarle featherweight, threw two many punches for Frankie Neil, Victoria boy hitting the comeback trail, and won by a technical knock in the third stanza. The Up-Islander hits with both hands and packs punching power in each mitt.

Miller started dropping Neil in the first and, after going down five times, he was saved from further punishment when the sound ended at the count of ten. Game but lacking plenty of punishment, Neil received the worst of the exchanges in the next session and took an eight count at the bell. Miller floored him again early in the third round and the towel came from Neil's corner. Miller weighed 118 pounds, two pounds less than Neil.

STORY VASHERSE

Private Fred Poock, Princess Patricia Canadian Light Infantry, Work Point Barracks, kayoed Vic Vasherse, Victoria light-heavyweight, in the second round of the scheduled four-round special event. With a flurry of gloves that came at Vasherse like machine-gun bullets, Poock floored his opponent after twenty-five seconds of one-sided milling in the second session. Vasherse was out as cold as a January frost. His seconds dragged his prostrate body from the far corner of the ring, draped him in a chair and worked on him for two minutes before he finally came to. When he came around the first thing he asked was "Did the Army hit me?" Poock weighed 176 pounds and Vasherse 178.

Sharpe to Play For Capitals in Saturday's Game

"CHUCK" SHARPE, star forward of the Liberty Cafe quintette, has definitely signed up with the Capitals, senior squad, and will be in uniform when his teammates take the floor against the Dominos tomorrow night at the High School Gym in the fourth game of their season. "A" series for the city basketball championship. Sharpe is a tall, husky youngster and carries plenty of scoring punch. He should be a great asset to the Capitals' fifth line and is expected to work in well with "Porky" Andrews, Ollie Goldsmith and "Red" Martin. The Capitals will be out to break the winning streak of the Dominos, who have three straight victories to their credit to date. The Dominos will be at top strength for the battle and are confident of coming through with their fourth triumph. During the week the Dominos went through a strong workout and also journeyed to Saanich for an exhibition game with West Road and returned to the city with a 29-25 decision. The preliminary game will start at 8 o'clock and the main attraction at 9:15. Tommy Macedo will be referee-in-chief for the Dominos-Capitals fixture.

ENGLAND AND AUSSIES TO MEET TODAY

First of Test Cricket Series To Open at Brisbane—Teams Prepared

BRISBANE, Australia, Dec. 3 (AP).—England and Australia met tomorrow in the first of five test matches for world cricket supremacy. The Commonwealth holds the edge in victories since tests were started in 1876, with fifty-three wins, one more than England, while twenty-nine have been drawn. England's team, led by G. O. Allen, Middlesex captain, has performed creditably since arriving in Australia early in October, winning three of eight games played. One match was lost and the remainder drawn. Tomorrow's struggle will see Don G. Bradman, South Australia's world-famous batsman, in the role of skipper for the first time. When William Woodfull, Melbourne schoolmaster and Aussie captain for many years, decided to retire from first-class cricket, Bradman's appointment met with a chorus of approval.

ENGLAND'S TEAM

Announcement was made today that England's team would be chosen from the following twelve players: G. O. Allen, Middlesex; Captain; Leslie Ames, Kent; Charles Barnett, Gloucestershire; A. E. Fagg, Kent; W. H. Hammond, Gloucestershire; J. Hardstaff, Nottinghamshire; Maurice Leyland, Yorkshire; R. W. V. Robins, Middlesex; James Sims, Middlesex; Hedley Verity, Yorkshire; William Voce, Nottinghamshire; and T. Worthington, Derbyshire.

Australia's team, it was announced some days ago, will be chosen from Don G. Bradman, C. I. Budeock, Frank Ward, South Australia; S. J. McCabe, J. R. Pinnington, A. G. Chipperfield, W. A. Oldfield, Ray Robinson, W. J. O'Reilly, New South Wales; E. L. McCormick, W. M. Slevens, Victoria; W. A. Brown, Queensland.

Lewis Suspended By Boxing Dukes

PROVIDENCE, R.I., Dec. 3 (AP).—The National Boxing Association today met out an indefinite suspension for Light Heavyweight Champion John Henry Lewis and his manager W. A. Greenlee. The suspension followed similar action taken by District of Columbia boxing officials because of Lewis' alleged failure to go through with an agreement to box Tiger Williams at Washington last October 13.

Smith: "You came from a total team, didn't you?"
Brown: "Tentative? Why they won't even allow the carpenter to use spirit levels."

Doctor of Quints Starts Ice Tussle

Getting his view of big league hockey from a very prominent position is Dr. Allan Roy Bafce, Callander physician, whose special care is the Dionne quintuplets. In New York on a vacation visit, the popular New York Rangers and Americans, respectively, to start off an N.H.L. game between the city rivals. Incidentally, America won with a second period rally and thereby took first place in the international standings.

Cubs and Giants Trying To Complete Big Trade

Chicago May Swap Demaree, Lee and O'Dea for Mancuso, Schumacher and Leiber—Deal Sale Still in Air—Several Deals Made

By PAUL MICKELSON Associated Press Staff Writer

MONTREAL, Dec. 3 (AP).—Major league players fought to a noisy twenty-four-hour draw today in their old skin game of trying to get something for next to nothing.

Except for the sale by Brooklyn of Outfielder Stanley "Frenchy" Bordagaray, infielder Jim Jordan and Emil Leonard, a right promising pitcher from Atlanta, to the St. Louis Cardinals, not a deal or swap of importance was revealed.

The closest approach to "big deal" was made by the New York Giants and Chicago Cubs as the rival magnates held countless huddles and talked big talk.

With Manager Bill Terry on the scene about forty-eight hours later, the Giants offered to trade Catcher Gus Mancuso, Pitcher Hal Schumacher and Outfielder Hank Leiber to the Cubs for Outfielder Frank Demaree, Pitcher Bill Lee and Catcher Ken O'Dea. The Cubs, their outfielder supply aided by the purchase of young Joe Mauer from San Francisco, offered Captain Edw. English and Outfielder "Tut" Stainback in a flat swap for Leiber, but Terry balked. A deal was all but certain to be made, with Leiber going to the Cub.

JACK TAYLOR AND KENT IN SEMI-WINDUP

Former Canadian Champion To Meet Portlander Tomorrow at Tillikum

Rugged Jack Taylor, former Canadian heavyweight mat champion, returns to the local battlefront tomorrow evening to match holds with Portland's Harry Kent, in the semi-windup of the weekly bone-bending programme at the Tillikum Gymnasium.

Victors of the squared circle, Taylor last appeared here about three years ago at the Pacific Stadium, and defeated Bob Kruse, the Oswego pachyderm. Since that time he has been touring the United States and meeting first-class opposition.

HEADS CARD
Tops on the attractive card goes to Donald McIntyre, Scottish heavy-weight, and husky Bobby Stewart, lumberjack king. They are billed to go eight ten-minute rounds, or the best of three falls.

Louie Newman, Victoria exponent of the mat game, gets his weekly spot in the special event, this time against Bill Ryan, another newcomer. The match is scheduled for five six-minute sessions. Newman grappled to a one-fall draw with "Babe" Smallski, rugged Polish grappler, last week.

The four three-minute round preliminary will start the proceedings at 8:45 o'clock.

Security Prices Are Strong at New York Mart

NEW YORK, Dec. 3 (P).—The leading picture brightened in today's stock market, and recent gloomy industrial leaders stepped up 1 to 4 points at their best.

There was little momentum on the comeback, however, and late selling generally halved peak gains.

Transfers totaled 2,039,500 shares compared with 2,319,500 Wednesday.

Consolidated on the upside were American Car & Foundry at 54-1/2, American Steel Foundries 60-3/4, American Locomotive 43-1/2 and U.S. Steel 75-3/4.

Chrysler and General Motors kept advances of major fractions.

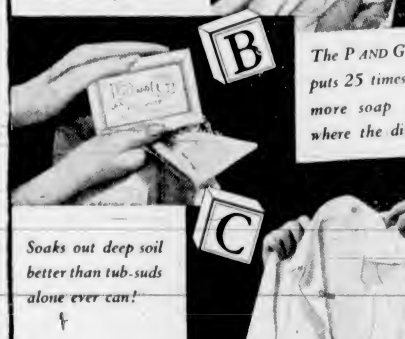

There was some edging down from peak levels in the low end of the market as speculative values continued to move ahead. United States Governments ended with gains ranging from 1-3/8 to 7-3/8 of a point.

In the foreign division the decline in French, Polish and Italian issues was a matter of thin markets rather than other causes.

THE TOONERVILLE TROLLEY THAT MEETS ALL THE TRAINS

THE TUTTS... By Crawford Young

Jane Dixon Says:

FINE FAMILY TREES ARE DECORATIVE: THEY FURNISH A BECOMING BACKGROUND FOR OUR DEPARTMENT AND OUR ACHIEVEMENT, BUT THEY ARE NOT ESSENTIAL.

The social order of our day is founded on a principle of individualism. It is the right of every one of us to be judged according to our own merit.

Fine family trees are decorative, they furnish a becoming background for our department and our achievement, but they are not essential.

Many of the oldest and most aristocratic families have produced the greatest rogues.

Shining genius, lofty success, impeccable character has come up out of the morass of poverty and dissolution.

However, it is well to remember that such reversals of form are the exceptions, not the rule.

"Dear Miss Dixon: My problem is one of family. I'm attending college and have several young men friends. One of them I care for, a great deal."

"This one and I have been interested in one another sincerely for the past three years, and I've promised to marry him when I finish school."

HIS FAMILY IS SHUNNED

"My mother and father are, well thought of in our community where my father has been in business for a long time. Father is highly respected by his business associates. Mother is a college woman and we're all proud of our family."

"The young man I care for is fine, and would go to any length to please me, but his family is considered 'poor white trash' by everyone. His mother drinks heavily and makes terrible spectacles of herself. No one of any standing in our town will associate with her or her people. They spend a good part of the time in jail for petty thievery, street disturbances, and the like."

"My boy friend is different—respectful and self-respecting. I've gone with other boys, but they've compared unfavorably with this one."

"Dad is terribly hurt and says he and mother will have to leave this place if I marry the boy—that they couldn't face their friends and relatives. He insisted I return the boy's ring and letters before he would spend any more to send me through college. Mother is deeply grieved and worried continually as I am the only child, and she feels I cannot be happy among such people. She does not forbid my seeing the boy because she hopes I'll outgrow him. She talks and pleads with me until we both are worn out—but I cannot change my mind or my heart."

SHE HAS ANOTHER BOY FRIEND

"I know it is the man I must marry, not his family. His father is dead. He, too, is an only child and always will have the care of his mother—yet it seems if I have him it won't matter. His mother is the 'bossy' kind, and she'll try to have a great deal to do with my life. So will her people, who live down in the shabby section of town. The boy is accepted by some people, but not his family. He is handsome and kind, and I know he would be good to me for he has proved it."

"He knows how mother and dad feel, but he sees me every chance he can get, driving a hundred miles at night and going back to work with no sleep."

"I have another boy friend whom I cared for a lot, but he is much more in love with himself than with me, although he insists I am the only girl and that he is going to marry me. His people are among the leaders of the town; he is most attractive personally. I thought I loved him until he began to break dates and otherwise humiliate me. He is terribly spoiled and feels he is much more important than I am."

"I want to be loved and cherished, to have kindness and consideration from the man I marry. I've tried so hard to prefer the boy of good family because I could be proud of him and need not worry about our children inheriting awful traits from their grandparents. I don't want to shame mother and dad."

"On the other hand I know the other boy considers me before himself. What shall I do?—Puzzled."

Answer: Don't do anything for the present. Wait until you have finished college so that you may give a more mature judgment to your problem and when the characters of the two young men will be more defined. Meantime, be friendly with both. You are right to weigh the matter carefully as you appear to be doing. Your ideas and ideals will change materially in the next two years. Give yourself a chance to develop without entangling alliances.

Rastus—Say, Sambo, what time in your life does yo' think yo' was scared de wuz?

Sambo—Once when ah wuz callin' on a heubouse an' de farmer come in an' caught me. Boy, wuz ah scared!

Rastus—How are yo' shuah dat wuz de worstest yo' evah been scared?

Sambo—Cause de farmer grab me by de shoulder an' say: "White boy, what yo' doin' heah?"

Grandma—"Would you like to go to the fair and ride in the roundabout, dear?"

Modern Child—"I don't really mind, if it will amuse you."

The country lawyer had always had a great dislike of doctors. One morning he was seen hurrying along the street, with a look of despair on his face, and an acquaintance asked him whether anything was wrong.

"I'm afraid there is," said the lawyer. "My wife is very ill, and I am hurrying to fetch the undertaker."

"The undertaker!" exclaimed the other. "You mean the doctor don't you?"

"Certainly not," was the reply. "I never could abide these middle-men!"

Twenty ordinary cigarettes a day says a doctor, can do no harm to the average person. But judging by the advertisements there are no ordinary cigarettes.

BOXING DAY IS HOLIDAY

December 26 Has Same Status as December 25, Attorney-General Rules

"Boxing Day is a holiday just as much as Christmas Day, and that includes everything as far as I know," Attorney-General Sloan said yesterday, when asked for a ruling by his department in respect to the operation of British Columbia business premises on December 25 and 26.

Setting the example, the Provincial Government will close provincial offices on Boxing Day, thus saving civil service staffs a three-day break during December 25 to December 27 inclusive. Christmas Day falling on a Friday will bring a long week-end vacation for all Government staffs.

STORES CLOSING
Meanwhile, it was independently announced by the Department of Labor that stores must remain closed on Boxing Day.

From the Attorney-General's statement it was inferred that business offices, laundries and factories, will follow suit.

Regulations covering the working time of employees in stores during the Christmas season were printed yesterday in The British Columbia Gazette, providing some variations from last year. Under certain conditions it was left optional to stores whether they shall remain open late on Christmas Eve or not. Copies of the regulations are now available.

DENIES SEEKING DICTATORSHIP

Japanese War Minister Says Fighting Services Not Interfering in Politics

TOKIO, Dec. 3 (AP).—Japanese parliamentarians charged last night that Count Juchii Terauchi, War Minister, sought to form a Japanese dictatorship.

The count, parrying questions at an informal session of the Parliamentary Reform Investigating Commission, asserted:

"The fighting services will not interfere in matters outside their own concern."

His assertion was in answer to a query by Takao Saito on parliamentary revision.

Saito, who took the army to task at the last meeting of the Diet (parliament) for interfering in politics, pointed out that the danger of a clash between the army and the people, if the "dictatorial trend" continued.

Another member of the Diet, Sumitatsu Hamada, quoting a declaration attributed to the War Minister that it was desirable to dissolve the Diet as often as necessary to obtain a majority favorable to his plans, said:

"The people are deeply concerned with this tendency because of fear that they ultimately will come under dictatorship."

"The army is unconsciously opposed to parliamentarism."

ACCEPT TENDER FOR GYMNASIUM

Building to Start at Once At Duncan—Want New Inspector

DUNCAN, Dec. 3.—At last night's meeting of the Duncan Consolidated School Board, tenders were opened for the gymnasium building to be located on the Cairnmore Street school grounds. The tender of J. M. Campbell, the lowest, was accepted and building operations will commence at once.

Plans for the high school building were before the meeting and it was decided to call a public meeting early in January, to which all electors in the Consolidated School area will be invited, when the trustees' plans and the urgent need for more school accommodation will be fully discussed.

A resolution was passed asking the Educational Department to have the Duncan Elementary School inspected by an inspector other than the present one and Trustees Chapman and Mrs. J. P. Leeming will interview the department heads to make known the board's reasons for making this request.

That Body of Yours

(By James W. Barton, M.D.)

WHAT IS A COLD?

During the war, one of the young physicians on our staff was stricken with flu which developed into pneumonia. When the count of the white corpuscles—the disease fighters—was taken it was found that despite his severe illness there was practically no increase in their number. The consulting physician shook his head and murmured, "No resistance. The patient died two days later."

During any illness the resisting forces of the body come forward to fight it off. The temperature rises, the breathing is more rapid, the heart beats more rapidly, and the white corpuscles in the blood increase in number as it is their work to fight off the little organisms that are invading the body.

Sometimes these little organisms are already in the body, but the defence forces are so strong that they can't make any headway; they are unable to get a foothold in developing an ailment.

Dr. Merrill, in Medical Press and Circular, London, declares that a cold is a visible conflict between microbes—small organisms—and the defence forces of the body.

Every microbe which obtains a foothold in the throat or nose stimulates the defences into more vigorous action and will produce the catarrh, swelling of the mucous lining, membranes and increased irritability, with sneezing and coughing.

The fevers which produce skin inflammations or eruptions—measles, chickenpox, scarlet fever—are all
